

VINTAGE JESUS

Week 4 Companion Guide

DIGGING DEEPER

WATCH: Vintage Jesus: What Will Jesus Do Upon His Return? Via RightNow Media (rightnowmedia.org)

Leader Tip: To help focus your discussion, only watch minutes 3:47-16:00. Use the questions from this companion guide along with those from the *Vintage Jesus Study Guide*. Feel free to choose those questions that are most appropriate for your group. Also, consider the spiritual condition of those in your group. If you have non-Christians in your group, be prepared for the discussion to be unpredictable. Be in prayer for those who have yet to receive Christ as Savior and Lord.

ASK THIS:

- As a child, what were you taught about Jesus' return to earth? If nothing, what are your thoughts on this teaching?
- Go around the group and read the verses provided in the *Vintage Jesus Study Guide* for this lesson.
- What feelings arise in you when hearing these verses read aloud?
- Think about how Mark described Hell for the non-Christian. How does this differ from what you had previously believed?
- After hearing this teaching, do you believe society makes it easier or more difficult to believe such a teaching? Why?
- Consider the argument of fairness. How would you respond to a person who says to you God is unfair to send to Hell people who a) live in the jungle and died prior to hearing the Gospel b) were upstanding, moral citizens who always did the right thing but never believed Jesus c) believed in God but not in Jesus?
